

# HYMN ACCOMPANIMENT CDs + MP3s BY EMAIL

Organists are increasingly difficult to come by, and it can make all the difference to have a good quality organ accompaniment to sing along to.

Our affordable CDs were recorded by John Keys, organist of Nottingham Parish Church and Nottingham University. Each track has a playover and varied registration.

The CDs start at £10.99, with a 6 CD set of 138 popular traditional hymns for just £37.99. We can also send out individual tracks by email – ideal for a last minute requirement at just 99p each.

As well as the 6 CD set, the range includes:

- **More Popular Hymns** – the 48 most requested hymns we missed off the original set
- **Weddings set** – 37 popular hymns and worship songs for weddings, plus 14 organ voluntaries for processions and during the signing of the register
- **Christmas carol accompaniments** – our first CD has just been joined by a second additional set
- **Remembrance CD** – includes Last Post/silence/Reveille on trumpet, National Anthem and 20 traditional hymns for Remembrance Sunday including hard to come pieces like O Valiant Hearts
- **Worship Songs** – our latest collection, played on the piano rather than the organ for a more suitable sound
- **Bach Miniatures** – not hymns, but 26 short, beautiful Bach tracks ideal for before or after a service

Here's what one of our customers said:

*I have just received the full set of your organ accompaniment for choirs and congregations. I am absolutely delighted with my purchase... Your CDs are just the ticket. Now we can have one of the best organists around, to help us give vent "Bellissimo", on occasions when we have no organist. The hymns are wonderfully played. I commend you for what you have done, and I thank you sincerely. John Tait (St Michael & All Angels, Corkbeg, Co. Cork)*
